**Dumplings Delight**

**Singapore, 28 April 2014** – Shisen Hanten by Chen Kentaro introduces its first range of dumplings with impressive flavours of sweet and savoury that will leave you wanting more.

Traditionally eaten during the Dragon Boat Festival (端午节), rice dumplings pay homage to the rich Chinese history. The festival is celebrated on the fifth day of the fifth lunar month in remembrance of the patriotic poet Qu Yuan from the Zhou Dynasty.

At Shisen Hanten, Executive Chef Chen Kentaro and team introduce the signature Szechwan Mala and Abalone Dumpling. Combining Baby Abalone, Kurobuta Pork, Dried Scallop, Mushroom, Dried Shrimps, and Chestnut, a bite into this new creation will give you a burst of distinctive spice. Using its signature homemade Mapo Doufu sauce as a seasoning, the dumpling is a clever interpretation of the signature Mapo Doufu dish which was first introduced to Japan by Chen Kenmin back in the 1970s.

On the other end of the spectrum, the Azuki Red Bean with Lotus Seed Dumpling is a combination of premium grade Azuki red bean paste from Japan with lotus seeds to add a crunch to every sweet bite.

Other enticing flavours not to be missed include XO Nyonya Dumpling, Amoy-style Dumpling, and Hong Kong-style Dumpling.
